April 8, 1771. DANIEL & TARNER.

JANUARY 11.

ON Wednesday last Sir Edward Hawke resigned his Place at First Lord of the Admiralty, on account of his bad state of health. He actually waited on His Majesty on Tuesday, at St. James's, to request leave for that purpose, which was complied with, on condition of his continuing in office till a successor can be appointed.

We hear that Lord Hinchinbrooke will soon be appointed to succeed the present Chargé d'Affaires des Anglois at the court of Madrid, who, it seems, is to be recalled, in order to fill up a certain vacant seat, soon expected immediately under the zenith of the Premier, with whom it is asserted, he is in no little favour.

The Governor of a neighbouring kingdom has at last, it is said, by unremitted endeavours, brought over to the interest of the crown, some of the principal opponents in Ireland; which has been communicated to the Ministry, and in consequence thereof, it is supposed the Parliament of Ireland will now be called together, before the time lately fixed by general report.

From the late calculation, in the various departments of government, it appears, that the salaries of the several Placemen do not, on an average, bear a proportion of Thirty per cent. to the perquisites of office.

A Correspondent says, "The silent enterprizes of the King of Prussia are more worthy the notice of government, than all the noise and parade of the French and Spaniards."

It is said that advice of a very interesting nature has been communicated by our Minister at Vienna, concerning some measures which the Emperor, who some time ago concerted them with the King of Prussia, is going to put in execution. It is believed, that the above relates to an intention in the court of Vienna to become possessed of some of the western provinces of Poland, in conjunction with the King of Prussia, who has an eye on some part of that country which borders on his territories.

It is computed that there are now 37,000 men on board the Royal Navy; so that no more than 5000 men are wanting to complete the number granted by Parliament.

Yesterday an Officer of the Navy came, by order of the Lords of the Admiralty, to Guildhall, to desire Sir Robert Kite, who was the sitting Alderman, to back the press-warrants, but Sir Robert refused it; he afterwards went to the Lord-Mayor, who likewise refused.

JANUARY 12.

We hear from good authority, that the Earl of Sandwich is to be appointed first Lord of the Admiralty, in the room of Sir Edward Hawke, who has resigned.

We hear that a messenger, who arrived a few days ago from Madrid, brought advice, that instructions for accommodating the differences relating to Falkland islands, were to be transmitted with the utmost expedition to the Spanish ambassador at the court of London.

A writer in a morning paper says positively, that Mr. Justice Bathurst is appointed Lord High Chancellor of Great-Britain, and is to be called up to the House of Peers by the style and title of Baron Bathurst; and that Mr. Justice Bathurst's father is to have the Earldom of Cirencester.

A coinage of silver is now actually begun at the Tower, and is carrying on briskly; which will be ready to issue out about April next.

It is remarked, that there never was known a greater quantity of base metal current than at present, scarce one shilling in ten being worth more than 8d.

I also request the Favour of all those (without Distinction) that are indebted to me, to pay or settle their respective Accompts, as this will positively be the LAST Notice: Such as do not avail themselves thereof, must expect to find their Accompts in proper Hands to be sued for, as I am determined to deliver into my Attorney's Hands, all such Debts as remain unpaid the first of *June* next:—Those to whom I am indebted, are desired to send in their Accompts for Payment. THOMAS POWELL,

At Mr. TIMOTHY's Printing-Office,

HAS JUST IMPORTED,

THE most effectual Medicine that has ever yet been offered to the Public, for the Cure of an inveterate Scurvy, Leprosy, and pimpled Faces, of ever so long Standing, so as never to return again: It also cures the Evil, Fistulas, Piles, old obstinate Sores and Ulcers, long continued Inflammations in the Eyes, and all the vexatious Irritations and Itchings often found in the Piles.—It likewise purifies the Blood, and prevents malignant Humours of every Kind from being thrown upon the Lungs, &c.——As Proofs of the Efficacy of this Medicine, he has in his Possession several Affidavits of Gentlemen of Probity and Rank, expressive of its Success, in eradicating every Disorder incident to the Human Body, proceeding from the Scurvy, or Foulness of the Blood; which, in general, are the principal Sources that feed most Disorders which Mortals are afflicted with.——It is called,

Maredant's Anti-Scorbutic Drops,

For the preparing and vending of which, His Majesty has been pleased to grant the Proprietor His Royal Letters Patent.

To the PUBLIC.

NOTWITHSTANDING the extraordinary Success and Certainty attending the Use of these Drops, yet, according to the different Degrees of the Distemper, and the Age and Constitution of the Patients, the Quantity sufficient to perfect a Cure greatly varies.

The Patient must not be alarmed, if, in taking the first Bottle, he finds himself in Appearance worse; some Times it will happen so, some Times not: which is owing to their assisting Nature in driving out any malignant Humour in the Blood; for in all scorbutic Cases, not only the Blood is bad, but the whole human Frame is affected; the most pernicious Diseases are produced, as Consumptions, Rheumatisms, Ulcers, &c. by a scorbutic Humour in the Blood; for if by Bleeding, Purging, Salivation, &c. Nature is so much weakened, as not to be able to discharge itself externally of any noxious Humour, it falls upon the warmer internal Parts, as the Lungs; if upon the Stomach, a bad Digestion, with Pains and Reachings to vomit, is produced; if upon the Liver, the most terrible bilious Complaints; if upon the lower Intestines, the most obstinate Fistulas and Piles are brought on; if it affects the Glands, the Evil is the Consequence, which is no more than an obstinate Scurvy. In short, the Scurvy, by bad Management, or if not corrected in Time, lays the Foundation of all chronic Diseases. That these Drops will perfectly cure every Degree of this destructive Disease, is sufficiently proved, by the great Number of remarkable Cures that have been performed by them.——It is necessary that every one who begins to take these Drops should proceed to six or seven Bottles; by which Means they will be convinced, if ever so bad, that the Medicine will cure them, and that this (like most other published Medicines) is not an Imposition.—If only a small Complaint, they will be cured by that Number, which is but a trifling Expence, considering the Danger attending the Scurvy, which, if not taken Care of in Time, every Year increases, till it brings on those dreadful Disorders before-mentioned. Some who have only a few Pimples on the Skin, imagine a Dose or two of Salts, or bathing in the Sea, will cure them, but in a little Time find themselves deceived; nor, amongst the Number of scorbutic Persons, who have been cured by these excellent Drops, none of them have ever found the Sea Water of the least Service, but rather prejudicial: But that and salivating are generally recommended as the last Resource. As for Salivation, it is very seldom serviceable in the Scurvy, but rather confirms it, and at the same Time destroys the Patient, by undergoing so severe an Operation. Some may have taken a Bottle of Drops only, and finding themselves not cured, have declined taking any more, probably supposing the Medicine would not cure them: It is therefore desired, that those who have not Resolution to take three or four of these Bottles, by which they will be cured, or sensibly better, if ever so bad, will be so candid as to confess, that they have neither done Justice to themselves, the Author, nor his Medicine.

N. B. These Drops are sold at TWO DOLLARS a Bottle (with printed Directions for using them) by T. POWELL only, Mr. NORTON having appointed him the sole Vender of them in the Southern Colonies of AMERICA.

*** The Proprietor of the above Drops, was regularly brought up in the Practice of Surgery; has had a Diploma granted him by the Corporation of Surgeons in *London* (a Copy of which may be seen at the Printing-Office in Broad-Street)—and the Reputation of them is so well established, both in England and Ireland, their good Effects having been daily experienced, in all Disorders occasioned by the Scurvy, that even Numbers of the Faculty have been induced to seek Relief from the known Virtues of this excellent Medicine.——They may be taken with Safety in all Seasons, and require no Confinement.

CHARLES-TOWN, APRIL 11.

MANY strange Tales are daily arrive, over Land, from North-Carolina, but very much, that it is impossible to tell to which we may give most Credit. It is however certain, that all is not quiet in that Province; and that the People cannot be reconciled to being taxed as they are for building the Governor's sumptuous Palace at Newbern, which is thought to stand in so much Danger of being destroyed, that an Intrenchment or a Barricade has lately been thrown up, across the Neck of Land on which it stands, in order the better to defend it, and the Governor's Life, which it is said, has also been threatened.

On the 14th ult. a new Brigantine called the King-George, which sailed from New-York the 10th, bound for St. Croix, Goudy Master, struck upon the Rocks at the West End of Bermuda; and it was doubtful if the Vessel would be saved.

The same Day a Brigantine from Hull for Okerecock in North-Carolina, struck on some Rocks at the North End, but in a few Hours was got off, without receiving much Damage.

Last Saturday the Swallow Packet-Boat, commanded by Mr. Robert Thomson, sailed with the Mails for Great-Britain. Mr. John Wilson, Merchant, and Mr. Arthur Downes, Watchmaker, are gone Passengers.

The same Day arrived from Jamaica and Pensacola, His Majesty's Packet-Boat Diligence, commanded by Captain Arthur Clark.

The same Day also arrived a new Brigantine designed for the Trade betwixt this and Philadelphia, called the Charles-Town Packet, Samuel Wright Master; in which, among a Number of Passengers, came Mr. John James, Merchant, Mr. David Reynolds, &c.

Last Sunday Doctor Peter Spence, of Ponpon, was married to Miss Fanny Brown, eldest Daughter of Joseph Brown, Esq; of George-Town.

The Commissioners named in the Act of the General Assembly of this Province, passed the 20th ultimo, "for regulating the Inspection and Exportation of TOBACCO and FLOUR," have appointed *Mr. John Coram* Inspector of TOBACCO in Charles-Town.

We hear, that His Excellency James Grant, Esq; Governor in Chief, &c. of the Province of East-Florida, may soon be expected here, to embark immediately for England.

Capt. Schermerhorn on the 27th ult. spoke with a Brigantine from Philadelphia for Barbados, the Master of which told him he had met with a Brigantine in Distress from this Port for New-York, going up Delaware-Bay. The 28th Capt. Schermerhorn also spoke with a Sloop, in Lat. 35. 30, Long. 73. 13, out 80 Days from Jamaica, bound for Virginia, that had been 40 Days at short Allowance. He endeavoured to relieve them, but the Sea ran too high, nor could he understand the Names.
